WHOLESALE ONLY

# **To Our Customers**

This little booklet is being published for the convenience of the wholesale trade in this area. It will give an idea of our Camellia and Azalea stock, and we solicit orders on the basis of this stock. Every plant we sell is produced under the best conditions possible and is guaranteed to be true to name and free of disease when we send it out.

This year we have a better selection of Camellias, and our Gardenias are far better than last season. Certain varieties of Camellias are a little scarce, but if you will come to see us early we feel sure that we can serve you without any trouble. Please let us know what you need, and if we do not have it we will try to find it for you.

**LOCATION OF NURSERY.** Our nursery is located three miles south of Winter Haven. Follow U. S. 17 south to the traffic light at Eloise; turn west for  $\frac{1}{4}$  mile. We are on the south shore of Lake Shipp.

## **Our Business Terms**

**SHIPMENTS.** Please specify how you want your order to be shipped. We will endeavor at all times to send out all orders as near the date specified as possible. We are willing to assist in filing claims for damages if you will call on us should the occasion arise.

If there are any mistakes in filling your order, please let us know on receipt of goods so that we can rectify the mistake.

It is to be thoroughly understood that we accept any and all orders with the provision that they shall be void if any injury befalls our stock over which we have no control. All orders are subject to any new Government regulations.
